Re: FHFA v. Nomura Holding America Inc., et al., No. 11-cv-6201

Dear Judge Cote:

The parties write to request permission to use courtroom technology during the trial in the above-referenced matter.

We are aware that Your Honor's courtroom is already equipped with technology; thus the equipment being installed would only be used to supplement the existing installation. The list of equipment is below. The equipment will be installed with the supervision of the Court's IT department and will not interfere with the courtroom's current technology.

Nomura has retained DOAR Litigation Consulting and FHFA has retained On The Record to install the technology the parties will be using in advance of the trial date and to manage its use during the trial. DOAR is a federally approved provider of courtroom technology to the federal courts under the Administrative Office of the Courts' contract.

The parties request permission for DOAR and On The Record to install technology on Thursday, March 12, 2015.

Hon. Denise L. Cote
